EXPERIENCE

Everlearn Holding | *Full Stack Developer*

London, UK | **2020 – Present**

- Worked with various developers to improve our E-Learning application performance, hence increase company's sales.
- Created visually impactful and reusable user interfaces in React and React Native
- Improved loading time of the web application with 67%. Initially it took 4.7 seconds to fully load the web app and account data, now it takes 1.55 seconds.
- Contributed to fixing software bugs which led from ~15 daily support tickets to ~3 weekly support tickets. (Now most of those tickets are about user experience and not application breakdowns)

IT Career Switch Ltd | *Coding Traineeship – Full stack developer*

London, UK | **2019 – 2020**

- During the traineeship I had to demonstrate a very competent level of programming languages such as HTML, CSS, JavaScript, C#, PHP to acquire my [Microsoft 98-383: Introduction to programming Using HTML and CSS](#) certificate
- After passing my exam, I worked closely with a senior developer to develop two personal projects that later helped me land a job as full stack developer. Working together with the senior developer has helped me understand the process that companies use to develop and deploy applications.
